## SUMMARY

Full Stack Developer with over 1 year of experience in NextJs, React, NodeJs, and Java. Built AI SaaS Podcast App using NextJs, Convex and OpenAI.

## SKILLS

**Languages:** Java, JavaScript, HTML, CSS, C/C++, Python, SQL.

**Tools & Technologies:** NextJS, React, MongoDB, Git, Linux, Express, NodeJS, Tailwind.

**Coursework:** Database Management System, Object-Oriented Programming, Data Structures and Algorithms.

## PROJECTS

### Podcastr | AI SaaS Podcast App

[LINK](#)

- AI podcast platform with features like text-to-audio, AI image generation, and audio playback.
- Utilised modern tech stack (Next.js, TypeScript, Convex, OpenAI, Clerk, ShadCN, Tailwind CSS) to deliver a seamless user experience.

### Voyage Vista | Hotel Booking Website

[LINK](#)

- Full-stack web application for hotel and motel listings using Node.js, Express.js, and MongoDB, enabling owners to upload, edit and delete their hotel listings and other registered users can leave a review on it.
- Implemented secure user authentication with Passport.js and integrated interactive MapBox API to visualise hotel locations on a single platform.

### Chatterly | ChatApp

[LINK](#)

- Chatterly is a real-time chat application featuring secure user authentication, a contact list with search functionality, and instant messaging updates.
- Built with React, Node.js, and Socket.IO for a seamless user experience.

### SharePrompt | AI Prompts Sharing Platform

[LINK](#)

- **Features:** Sign in with Google, create and save prompts, search by keywords, tags & creator.
- **Tech Stack:** Next.js, MongoDB Atlas, Tailwind CSS.

### NCC, MAIT Website | Record Management Application

[LINK](#)

- Developed a comprehensive platform for NCC cadet information management, facilitating efficient documentation of camps, achievements, and events.

## POSITION OF RESPONSIBILITY

### CORPORAL, SOCIAL MEDIA HEAD | NCC, MAIT

(December 2022- Feb. 2025)

- Organised NCC Fest (KARTAVYA'24), Blood Donation Camp, and Cleanliness Drive.
- Participated in Combined Annual Training Camp, September 2023.

### TECHNICAL HEAD | STARTUP SPHERE, MAIT

(December 2022- Present)

- Organised Ideathon, Pitch Your Idea Competition as Tech Head Role.

## ACHIEVEMENTS

### VIHAAN 6.0

(April 2023)

Qualified for Round 2 in the IEEE Hackathon organised by DTU.

### LOGIC MAZE

(March 2024)

Secured 3rd place in the TechCom Treasure Hunt Coding Competition hosted by MAIT.

### HackBlock1.0

(May 2024)

Qualified for Round 2 in the top 10 teams organised by BVCOE in collaboration with Microsoft Azure.

## EDUCATION

**Maharaja Agrasen Institute of Technology, Delhi**

Computer Science & Engineering

**Nov. 2022- June 2026**

CGPA: 8.420
